

**KX3 CNC MILL** is a 3-axis CNC milling machine (optional rotary 4th axis available) based on the China Shanghai Sieg SX3 milling machine.

**WORKABLE ON  
STEEL OVER 1MM!!!**

**KX3 CNC MILL Specifications:**

Drilling capacity	25 mm(1")
Table effective size	450x160 mm(18"x6.3")
Table travel - X axis	300 mm(12")
Table travel - Y axis	120 mm(4.7")
Head travel - Z axis	260 mm(10")
Motor of X axis	4 N
Motor of Y axis	4 N
Motor of Z axis	6 N
Throat	230 mm(9")
Table T-slot size	12 mm(0.5")
No. of T-slots on table	3
Position accuracy	<b>0.01 mm</b>
Spindle taper	MT3/R8
Speed of Spindle	100 - <b>5000</b> RPM
Max. Spindle motor torque @ 1500RPM	5.5 N.m.
Spindle motor power	1000 W
Machine dimensions	780x800x1750 mm
Shipping dimensions	1030x1000x1850 mm
Weight(n.w./g.w.)	300/350 KG

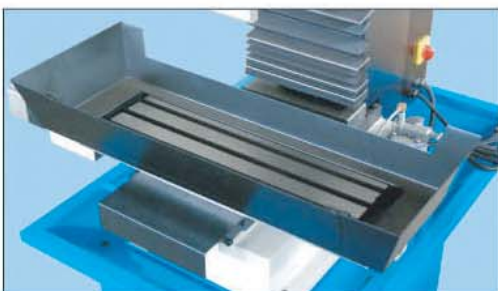

**Model: KX3-SIEG**

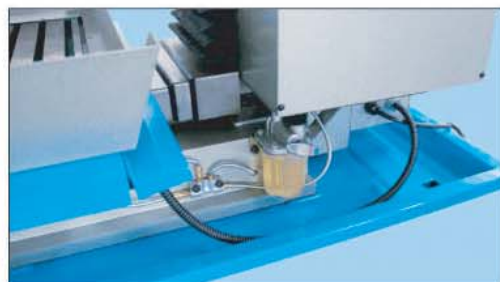

*4-th axis come ready to go, plug and play.  
Machine is covered and stand as well.*

Fully Covered Bedways

Standard table cover ready.

One shot oil lubrication pump
